

H.K. Country Parks

You will be required to create a poster country parks in Hong Kong specifically focusing on natural capital and sustainability.

Requirements

What is natural capital

Be able to explain the term natural capital.

What are the three types of natural capital?

Survey of the natural capital found in H.K. Country parks

You are allowed to focus on any or all of the country parks in Hong Kong but you need to identify a wide variety of natural capital in the parks with an explanation as to the services or goods they provide.

Threats

Identify a variety of threats to HK country parks.

Identify solutions

Need to include the Relation to the Brundtland commission and Rio 21
Need to discuss the principles of sustainability (Economic/ social/ environmental) pg 103 in relation to HK parks.

Presentation

Must be an A3 poster including all the required information. A variety of pictures is required. Please ensure that the poster is neat and organized. Your bibliography must be on the back.

Rubric

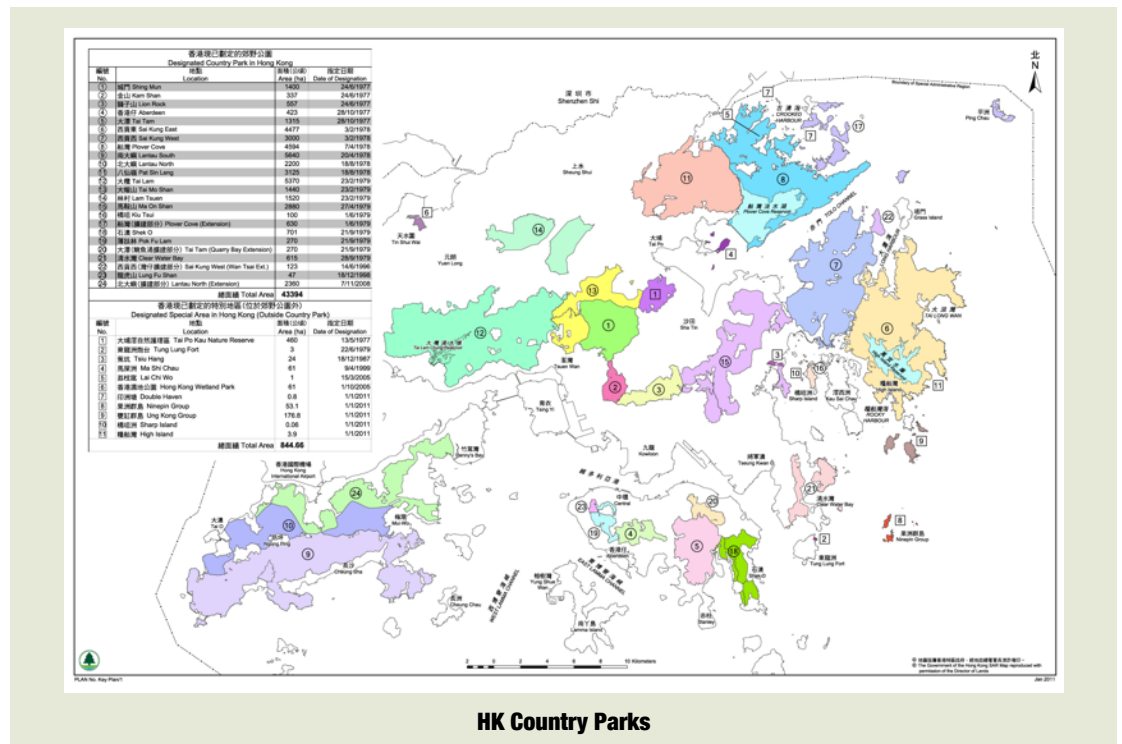

Again, we will be creating a rubric in class that aligns with the expectations of the IB.

You will need to include aspects of information

You will need to include data recording and presentation.

You will need to discuss your results

You will need to have a formal presentation

HK Country Parks
